SCHOOL TEACHING ASSISTANCE PROJECT-1&2 Monthly Report

Project no: 2

Project Funded by: AIMSINDIA Foundation, USA

Project Implemented by: Care Trust

Reporting month: December 2014

Reporting date: 04/01/2015

PROJECT TITLE: School Teaching Assistance Project

Report:

Our Aims School Teaching Assistance project is going on well in our all schools. 19 days were the months of working days. Our teachers are taking special care to improve educational skills and other activity for our poor students in their schools as regularly. Our teacher M. Josephine Punitha is conducting evening study classes in their schools (Government middle school, Near Register office, Colachel) as usually. Poor students are studying in government schools only. So our project is going in government school only. We are working in 15 schools in this project. Two teachers are working in GMS Thirivithancodu now. **We conducted Aims India Annual Day Celebration (Children Day Celebration) in 12 schools in this month.**

We (Mr.Deejo, Nasrin begam &I) had conducted the monthly planning meeting in my home on 01/11/2014. In that day we had planned to conduct our work as usually. Based upon our monthly planning, we conducted Aims India Annual Day Celebration (Children Day Celebration) in 12 schools in this month. **1410** students attended in the celebration.

Because of half yearly examination, we could not conduct any Ecology training in our schools. Half yearly exam was started from 18/12/2014. After half yearly vocation our schools reopened on 02/01/2015. We are continuing our work in our schools as well as possible.

Aims India Annual Day Celebration Report of this month

Sl.No	Date	School Address	Attended Students
1	01/12/2014	Government middle school Pillayar vilai Ellu vilai Iruppu Near Rajakka mankalam Pin 629582	156
